Rural Health Multidisciplinary Training (RHMT) Program – Participating Universities

The RHMT program supports a network of rural clinical training sites across Australia, with university staff living and working in regional, rural and remote areas, delivering rural clinical training experiences to health students and encouraging them to remain in these communities when they complete their training.

Universities currently participating in the RHMT program are:

**The University of Adelaide**
Adelaide Rural Clinical School

**Australian National University**
Australian National University Rural Clinical School

**Charles Sturt University**
Three Rivers University Department of Rural Health
