

Workforce Incentive Program (WIP) – Doctor Stream overview

Eligibility Requirements

1. Provide a minimum amount of eligible primary care services in Modified Monash (MM) 3-7 locations and/or undertake eligible GP training under an approved training pathway; and
2. Meet the required number of active quarters for payment;
3. Have an eligible current Medicare provider number; and
4. Have provided current bank account details to Services Australia specifically for the WIP – Doctor Stream.

All participants should ensure that **address and bank details** provided to Services Australia are **up to date** at all times.

Maximum Incentive Payment Amounts

Location (MM)	Year level 1	Year level 2	Year level 3	Year level 4	Year level 5
MM 3	\$0	\$4,500	\$7,500	\$7,500	\$12,000
MM 4	\$0	\$8,000	\$13,000	\$13,000	\$18,000
MM 5	\$0	\$12,000	\$17,000	\$17,000	\$23,000
MM 6	\$16,000	\$16,000	\$25,000	\$25,000	\$35,000
MM 7	\$25,000	\$25,000	\$35,000	\$35,000	\$60,000

Active quarters

Number of active quarters required for payment:

- **New** participants in **MM 3-5** locations – 8 active quarters in a 16 quarter period;
- **New** participants in **MM 6-7** locations – 4 active quarters in an 8 quarter period; and
- **New** participants in **MM 3-7** locations – 4 active quarters in an 8 quarter period.

An active quarter is a payment quarter in which a practitioner has met the minimum activity threshold:

- \$6,000 of eligible primary care services billed under the Medicare Benefits Schedule (MBS) for the Central Payment System (refer to section 3 of the Guidelines); or
- 21 sessions under the Flexible Payment System (refer to section 4 of the Guidelines).

Central Payment System (CPS)

Eligible primary care services are clinical services from the following sections of the MBS:

- Category 1: Professional attendances;
- Category 2: Diagnostic procedures and investigations;
- Category 3: Therapeutic procedures; and
- Category 7: Cleft lip and cleft palate services.

Telehealth services within these categories are generally included.

New participants: Services Australia will send a letter requesting bank details, which must be provided within 60 days. Once provided, the payment will be processed.

Continuing participants: Services Australia will process payments automatically to your nominated bank account and send a payment advice.

Flexible Payment System (FPS)

Practitioners who provide eligible non-billed primary care services may be eligible for payment under the FPS.

Eligible primary care services under the FPS are those which are equivalent to those listed under the CPS. These services must be in relation to direct clinical engagement with a patient(s).

Types of employment eligible for payment under the FPS are listed in section 4.1.3 of the Guidelines.

Top-up payments may also be available for practitioners who provide a mix of billed and non-billed services.

To receive a payment under the FPS you must complete an application form and submit to the relevant Rural Workforce Agency (RWA). Refer to Part B, Section 4 of the Guidelines for more information.

NOTE: Please refer to the Workforce Incentive Program Guidelines for detailed requirements to receive payments under the WIP – Doctor Stream. It is the responsibility of eligible doctors to ensure they are operating under the current version of the WIP Guidelines.

Please visit www.health.gov.au/workforceincentiveprogram for more information, including the current version of the WIP Guidelines.
