RHMT PROGRAM EVALUATION – EXPERT REFERENCE GROUP

SUMMARY OF OUTCOMES OCTOBER 2019

- The Expert Reference Group (ERG) guiding the Rural Health Multidisciplinary Training (RHMT) Program evaluation met by teleconference on Friday 11 October 2019.
- The primary focus of the meeting was for the evaluators to update ERG members on the progress of the evaluation and to present their preliminary findings.
- The evaluators posed questions for consideration by ERG members to guide synthesis of these findings.
- The consultation phase of the evaluation will be finalised by 31 October 2019, with a round table for Aboriginal and Torres Strait Islander peak health organisations being held in Canberra on 30 October 2019.
- The next meeting will be face-to-face in December 2019 where the evaluators will present evaluation findings to date, including initial analysis of survey results, data analysis and stakeholder consultations.
